

SILVERSCREEN MUSICIAN

500+ Music Licensing Companies

This list below was pooled together from many different online resources to provide you with the largest number of options when trying to license your music for TV, Film, and many other media formats.

IMPORTANT: Many of the best companies have very strict guidelines both for your music and the way you present it to them. If you are not initially accepted many of them will not allow you to resubmit your music to them for 6 months to a year or even longer. To learn more about how to get accepted the first time you apply and have the most success as quickly as possible watch the free training videos available at <http://silverscreenmusician.com>

(Disclaimer: I have not reviewed many of these companies. I just compiled the largest list I could to give you the most options. I am not affiliate, nor do I represent any of the companies listed in this document. ALWAYS be sure to have a lawyer review any contracts before you sign them. Silver Screen Musician is not responsible for any actions taken by any of the companies listed.)
